

'Making a Mark'

Mark Holder Social Impact Declaration

Supply Shack

Supply Shack is a social enterprise and an award-winning supplier of business products and services, specialising in design, print, signs, banners, exhibition displays, office stationery and branded gifts.

Supply Shack's primary objective is to drive social change, and our surpluses are principally reinvested for that purpose in the community, rather than being driven by the need to maximise profit for shareholders and owners.

We are dedicated to trading for both people and planet with our unique "giving back to the community" model. We deliver this through raising funds, sponsoring an event or donating time and profits.

The Social Enterprise Mark criteria includes a requirement for all initial applicants and renewing Mark Holders to provide at least three 'social impact statements', which illustrate how they are striving to meet their social/environmental objectives.

Below are examples of how **Supply Shack** is making a mark, striving to make a difference to society and local communities:

Creating community value

We are a community enterprise with social goals that help non-profit organisations. The profits from our Shack divisions are reinvested into our community with a heavy focus on making a difference to people's lives.

Offering opportunities for workplace experience

We have recruited apprentices and offer work place opportunities for those from socially disadvantaged backgrounds.

We work with **Catch22**, a social enterprise who offer work place opportunities to young individuals in tough situations, supporting them to turn their lives around. We have already taken on one apprentice from this organisation.

Supporting charities and good causes

Every year our customers help us choose the community projects and charities we are going to support, by voting for the shortlisted charities. Through our business profits and fundraising efforts, we hope that we can make a difference for those in need.

Our social impact timeline outlines our activities and illustrates how we have made a difference
